

BLUR

Quick Release System Airfilter

Single Adapter

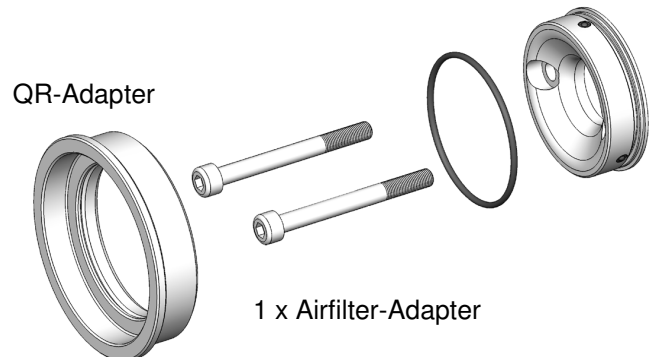

HPI Baja 5B (RtR & SS)

Airfilter Quick Release System to be used together with the original HPI Airfilter

Allows easy Mounting of the airfilter outside of the Baja

Easy Mounting on the Baja by Clip-In System

General Information:

The sealing of the V-Stack (O-Ring), same as the gliding surface between Adapter and V-Stack should be slightly greased. **Keep the surfaces and the O-Ring clean!**

Please control regularly the fitting of the adapter on V-Stack , especially after crashes and hard landings. With a wrong fit or mounting there could be danger for your engine!

Please change the sealing when it is damaged or dried out.
